

HAIKU

OBJECTIVES

- Practice operations (addition, subtraction, multiplication, division)* •Creative Writing

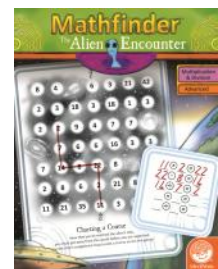

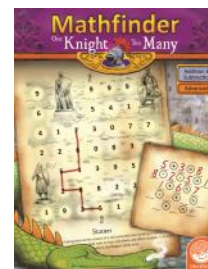

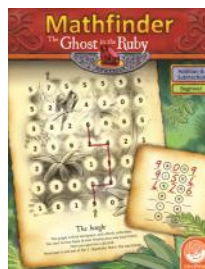

*Indicates STEM and/or Common Core objectives

GRADES

3-5

ESTIMATED TIME

30 Minutes

SETTING THE STAGE

Define operations:

- Addition
- Subtraction
- Multiplication
- Division

Write out examples of equations with the operations you defined

Define a Haiku (5,7,5 syllables)

MATERIALS NEEDED

- [Mathfinder worksheet](#)
- Writing utensil

PROCEDURE

Give students a Mathfinder worksheet based on their skill set.

Students should complete the sheet individually.

Once students have solved the Mathfinder worksheet, they can check their answers with the teacher's answer key.

Each Mathfinder worksheet has a title. Students should use this title as inspiration to write a Haiku.

Share Haikus in small groups or as a class.
